

- 鵞, sounds like 我 but with a lower sound. It is combined with 我 and 鳥 together.
- 鵞 means goose. It's a bird so it has 鳥 by the side.
- We can use it in expressions with the words we learn,
 - 白鵞, white goose.
- A rhyme 詠鵞, Ode to the goose, is also recommended as a learning resource for children. Check out the rhyme from <http://hsscantonese.weebly.com> – Literature for Kids - Folklore

寫一寫，並大聲讀出來。Write and say it out loud.
